Objectives

To prepare, instruct, and train preachers according to the Bishop's Course of Study, and Episcopal Leadership needs through group learning, independent study, and one-on-one consultation as requested.
-To provide written examination according to the respective level of each licentiate or ministers on trial.

Accomplishments

We have been able to employ virtual tools to facilitate the instruction and examination of the Ministers on Trial.

Challenges

We continue to experience challenges related to the COVID-19 Pandemic precautions as well other residual factors. However, we continue to seek healthy and effective ways to mitigate these challenges.

Recommendations

Our recommendation is to continue exploring ways to use virtual tools in the systematic facilitation of the committee's responsibilities.
